

## The West Mercia Beagle Club

### Championship Show Show Sunday 4<sup>th</sup> November 2018

#### Judge Margaret Davies

I would like to thank the exhibitors for a lovely entry of quality Beagles, also thanks to my very efficient stewards. I do hope that it is not going to be a trend to clip the whiskers from this breed, as it seems to be to trim the stern so that there is no stig. After all the whiskers are their sense organ, the hound does need its whiskers. I found no in correct bites, also did not find so many light eyes as the last time I judged. I see from the catalogue that all my top winners were all sired by the same hound.
